

Customer information concerning Regulation (EU) 2023/1115 (EUDR) on deforestation-free products

We wish to inform you that we and our suppliers are in the process of reviewing the requirements of the Regulation (EU) 2023/1115 (EUDR) on deforestation-free products which came into force on 29 June 2023. We are in close contact with our suppliers regarding their activities and are still collecting detailed information on the EUDR compliance of our raw materials.

The European Council agreed to postpone the application date of the targeted amendment of the EU deforestation regulation by 12 months. For large as well as medium operators and traders the new date of application is 30 December 2025. This postponement will allow us and our suppliers to be fully prepared concerning the expected due diligence obligations, ensuring that certain commodities and products sold in the EU or exported from the EU are deforestation-free.

More information can be found on the official European Council press release:

<https://www.consilium.europa.eu/en/press/press-releases/2024/10/16/eu-deforestation-law-councilagrees-to-extend-application-timeline/>

We will provide an adequate EUDR statement in due time.
