

## **Chinaplas 2019: ALBIS presents comprehensive product portfolio with focus on Automotive, Healthcare and Lighting**

Hamburg, 20.03.2019. ALBIS PLASTIC GmbH, one of the world's leading distributors and compounders of technical thermoplastics and thermoplastic elastomers, presents its portfolio of high-performance plastics, compound solutions and master batches at Chinaplas 2019 in Guangzhou, China. The booth will be located in the China Import & Export Fair Complex, booth number 11.2R21 from May 21 - 24, 2019.

In addition to the comprehensive product portfolio of long-standing partners such as Covestro, INEOS Styrolution, LyondellBasell and LANXESS, the most important product highlights include the newly developed ALCOM<sup>®</sup> MED, ALTECH<sup>®</sup> ECO (Near-to-Prime<sup>®</sup> Recycled Compounds), ALCOM<sup>®</sup> Lighting, ALPERFORM<sup>®</sup> Lighting as well as WIC PP and WIC PA (carbon fibers for lightweight automotive applications). The product lines are used successfully by well-known companies in industries such as automotive, healthcare, household goods and E&E.

"We are experiencing increased demand for products for lightweight automotive construction in the Asian market as a whole," says Hans Rukes, Managing Director Far East at ALBIS, "but the healthcare and E&E sectors are also growing strongly and are demanding modern solutions."

In order to meet the increased demand, the Hamburg-based company tripled its capacity at its plant in Changshu, China, in 2018.

"Thanks to our comprehensive portfolio, we are able to act as a "one-stop shop" for our customers and offer them tailor-made solutions," says Rukes. "We are looking forward to the exchange at Chinaplas."

## **ALBIS PLASTIC profile in brief**

ALBIS PLASTIC is one of the leading globally operating companies in the distribution and compounding of technical thermoplastics and thermoplastic elastomers. In addition to the product portfolio of well-known plastic manufacturers, ALBIS offers the plastic processing industry a diverse product range of high performance plastics, compound solutions and masterbatches. In 2017, the ALBIS Group, which has more than 1300 employees, achieved sales of 1.017 million euros. With 23 subsidiaries worldwide, the Hamburg based company is strongly represented in Europe with a growing presence in North Africa, the Asia Pacific and the Americas. At five German locations as well as in Knutsford (UK), Duncan, South Carolina (USA) and Changshu (China), ALBIS produces compounds and masterbatches, in part specializing in high-quality recycled compounds and green materials. All sites are certified according to the IATF 16949 or ISO 9001 standard.
