

## Product Safety Information

Date of issue: 18/01/2021

### Regulation (EC) No. 1907/2006 REACH

Dear Customer,

The **ALBIS Distribution Group** is a distributor of thermoplastic resins and as such acts as a downstream user in accordance with the REACH Regulation.

The products we distribute are polymers which are exempt from the obligation to register. Therefore, the products do not have registration numbers and extended safety data sheets (eMSDS). The substances (monomers, additives, colorants) contained in our products have either been registered by our suppliers, are exempt from the obligation to register or excluded from the REACH Regulation.

**ALBIS (UK) Ltd.** is currently working with all of its supply partners to ensure all necessary steps are taken to comply with upcoming requirements regarding UK-REACH.

You will find a list of our REACH compliant **distribution products** on pages 2 and 3.

You will also find this information on our website:

Any information given on the chemical and physical characteristics of our products including, without limitation, technical advice on applications, whether verbally, in writing or by testing the product, is given to the best of our knowledge and in good faith and does not exempt the customer from carrying out their own investigations and tests in order to ascertain the product's specific suitability for the purpose intended. The customer is solely responsible for confirming the suitability of the product for a particular application, its utilization and processing and must observe any applicable laws and government regulations. No express or implied recommendation or warranty is given with regard to the suitability of the product for a particular application. At all times, our standard terms and conditions of sale apply. **This confirmation expires after 36 months from the date of issue or in case of regulatory changes. Please ask for a new confirmation if needed.**
